

OFFICE FINANCIAL AGREEMENTS

Our mission is to build a long term relationship with you and deliver the finest dental care available today. Fine dentistry is truly an investment and our goal is to help you make this investment possible. The following agreements help prevent misunderstandings and preserve our working relationship.

Payment for Dental Treatment

Payment in full is due at the time of treatment. We are sensitive to the fact that some people may not be able to pay cash for their treatment; therefore, we accept most major credit cards and 0% interest financing of 6 or 12 month terms with Care Credit. We ask that you decide how you would like to pay for your treatment before services are rendered. Any treatment not paid for after 60 days will be assessed a finance charge of 1.5% per month (18% APR).

Dental Insurance

We will gladly bill your insurance company when you provide us with the current registration information. Often times we are able to contact your insurance provider prior to your appointment, provide a complimentary benefits check, and estimate your financial estimate of your care. Insurance policies are a contract between the patient and the insurance carrier, and insurance carriers do not guarantee payment for services. Each patient is financially responsible for any dental services that the insurance company chooses to not cover.

Appointment Changes

We kindly ask that patients give us a 48-hour notice if they are unable to keep an appointment. There may be a \$50 charge for appointments failed or changed with less than 48-hour notice.

Acknowledgement of Notice of Privacy Practices

A laminated copy of our office Notice of Privacy Practices is available in our office and on our website. Upon request we will be happy to provide you with your own personal copy of our Privacy Practices.
